Open Your Heart with Art Author to Provide Creative Tips

Author Dave Wilson of LaGrange will be meeting and greeting guests at the Borders Books in LaGrange, located at 1N. LaGrange Road, Wednesday April 6th 2-4 PM, to share decorating tips, talk art, and sign books.

Open Your Heart with Art is an innovative take on the arts with creative input and interviews from experts in the arts and entertainment industry. The forward-thinking book invites all to the arts. “One of the goals is a celebration of creative freedom,” says Wilson.

The new book is a friendly, easy-to-read work with a unique invitation. “How would you like to be aware of the creativity in your life? All of us can be creative, everyday!” Wilson states. Inspirational and informative, the book combines an ease of technique with a depth previously delivered by fine arts only.

By introducing a book that’s accessible, intelligent and fun, Wilson demonstrates his leadership in all things creative.
